DETAILED ACTION

The finality of the office action dated March 5 2004 is hereby withdrawn. The date of the 35 U.S.C. 102(e) rejection was no good. The request for reconsideration filed June 7, 2004 pointed this out. However no other changes to the claims have been made and new art with a good 35 U.S.C. 102(b) date has been found which are applied and made Final as the rejected claims were added at the time of the last office action.

Claims 1 and 13-15 are objected to because of the following informalities: They all recite "for engine control during the vehicle is running ", which is poor grammar. Appropriate correction is required.

Claims 1-14 allowed.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 15 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Morita et al..

The patent to Morita et al discloses a Inner memory M that records speed and time in a time series manner that is outputted by a predetermined operation of recorder 91 and external display 92.

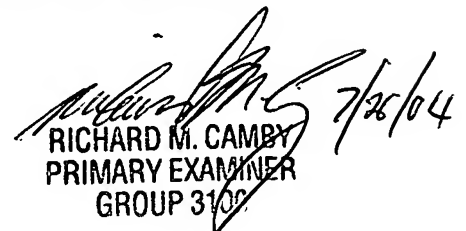

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
